

METATEC ENVIRONMENTAL

AROMATEC~ FLOWTEC

Air-Tec Conditioner

A High Performance Anti
Bacterial & Fungicidal
Cleaner

for use in all
Air Conditioning Systems
(great on shower heads too!)

AIR-TEC CONDITIONER eliminates Legionella in standing pipes, shower heads, Air Conditioning units, including vehicle units and wherever water is left to stand, it reduces the risk of developing Legionella spores.

AIR-TEC CONDITIONER has a unique clinging foam action that ensures fast effective cleaning of all evaporator systems and ducting.

AIR-TEC CONDITIONER uses low odour solvents enabling the system to be operational in the shortest possible time after cleaning. A 10 minute contact time is recommended. All treatments to shower heads and water hoses should be well rinsed with hot water before reusing.

AIR-TEC CONDITIONER removes and eradicates mould and contamination and leaves no residual odour.

AIR-TEC CONDITIONER contains anti-bacterial and fungicidal cleaning agents and can safely be used on aluminium & plastic.

AIR-TEC CONDITIONER uses a specially designed applicator nozzle and extension tube making application simple and effective, especially great for shower heads and their hoses.

AIR-TEC CONDITIONER exhibits good anti-bacterial resistance to a wide range of growths including Legionnaires Disease.

AIR-TEC CONDITIONER can be used in Nursing & Residential care homes to help meet the guidelines imposed by the HSE.

AIR-TEC CONDITIONER comes in handy, easy to use 400ml Aerosols complete with extension nozzle for those hard to reach places.
