AROMATEC - FLOWTEC

Crystal-Sorb

**Soaks up any spill
'effectively'**

**Unpleasant accidents
have never been
safer or easier.**

Crystal-Sorb is the most effective way to pick up accidental spillages from any floor surface. Particularly good if broken glass is involved.

Crystal-Sorb comes in a 400gm container and will absorb up to 8 times its own volume, that's nearly 30 litres.

Crystal-Sorb will help to control any unpleasant odours caused by the spill.

Crystal-Sorb is simple to use. Shake the gel crystals over the spillage area, wait a few minutes and sweep it up and put it in the bin.

Crystal-Sorb can be used to clean up water, wine, oil, vomit, blood and any other liquid.

Crystal-Sorb is fully biodegradable.
