

## REACH

Dear Sir/Madam,

The EU Regulation on the **R**egistration **E**valuation and **A**uthorisation of **C**hemicals.

The Metaflux Group of Companies can confirm that, as downstream users of chemicals, as determined by the REACH regulations, our chemical manufacturers have pre-registered their intention to continue to manufacture those particular substances.

We also understand our obligation to assist in the REACH process for those products currently in production and for any future products we may supply.

Yours sincerely,

*Alex Edge*
